

RIZVI SPRINGFIELD SCHOOL STUDENTS PERFORM DANCE FOR ENERGY CONSERVATION

Forty enthusiastic students of Rizvi Springfield School, Bandra presented a dance on "SAVE ENERGY" on 30TH September 2011. They spread the message of energy conservation to the entire student body through their original song and innovative dance on the cause.

Song on energy:

Energy energy there's enough for you and me.

If we don't use it carelessly we can our energy.

Energy energy save an ocean save a tree.

We can do it easily If we save our energy.

Turn off the lights if you don't have to see.

If no one's watching turn off the T.V. and the radio and microwave

So energy we can save.

Energy energy there's enough for you and me.

If we don't use it carelessly We can save our energy.

Energy energy save an ocean save a tree.

We can do it easily if we save our energy.

Recycle your bottles, recycle your cans

Magazines or a battery recycling takes

A little time but it saves a lot of energy.

Energy energy there's enough for you and me.

If we don't use it carelessly we can save our energy.
