

MINI CLUB OF SIR B J GIRLS SCHOOL ORGANIZED A SKIT ON ENERGY CONSERVATION

The mini Club of Sir B J Girls School (Gujarati medium), Goregaon West organized a skit in the school auditorium to sensitise the entire school about the need for energy and resource conservation.

This entertaining and informative skit helped raise awareness about the various environmental threats facing the world today. The students also imparted tips on how to combat climate change and global warming to the entire student body and staff. The club members also performed a song on energy conservation and ensured that every student was holding a placard with an energy saving message.

These efforts by the club members will go a long way in encouraging students to make a difference!
