Members of Energy Pals have further formed 5 groups of 4 students each. Each group is responsible for one class.

Energy Pals members sensitised students of Std. V and VI towards energy conservation and distributed booklets in the classrooms. They also shared energy conservation tips with students of Std. III and IV. The school staff was also sensitised by the members of Energy Pals.

“Power Calling Day” was conducted on 12th December 2011 in order to observe the Energy saving Programme. Each classroom switched off all the lights and fans for three hours, from 9:00AM to 12 noon, to conserve energy and received a phenomenal response.

Power Monitors checked the classrooms every hour to ensure no electricity was being consumed. Colourful charts on 'Conservation of Power" were displayed on the school notice boards to spread the word.

This club will meet on all Saturdays during club activity period to implement new activities to propagate this programme further!

Kudos Energy Pals.

Jiyo Power Se!
