

VASANT VIHAR SCHOOL'S AANCHAL MALHOTRA AND HER MINI CLUB G3 SENSITISE CITIZENS IN THANE!

Students are embracing the cause of energy conservation all over the country! One such group of students is Thane's G3, led by Vasant Vihar School's Aanchal Malhotra.

Aanchal, a Std. VII student and her mini club, G3, sensitised more than 150 citizens by going door-to-door in housing societies. They used colourful handmade posters to explain the need for resource conservation and also shared the Six Golden Rules with residents. Residents took a pledge to save energy and other natural resources.

Keep up the great work G3!
